

Sandart & Partners

Sandart & Partners strengthens its role in the energy sector

Torbern Werner, having many years of experience in the energy sector, has joined Sandart & Partners.

Torbern comes most recently from the role as Senior Legal Counsel at Vattenfall AB's Group legal staff function, where he has been active for nearly 9 years. During his time at Vattenfall, Torbern has worked with a wide range of issues in the energy sector, including commercial contract management, dispute resolution, compliance-related issues as well as strategic work and legal support in legislative matters.

– We are very pleased that Torbern has chosen Sandart & Partners. His extensive experience in the energy industry means a strengthening of the firm's prominent position in dispute resolution and regulatory matters in the energy sector, says Jonas Näsman, managing partner at Sandart & Partners.

– Through Torbern, we get an increased opportunity to best assist our current clients in the energy sector and further strengthen our market presence in energy-related issues and disputes. We are very happy to have Torbern on board with us and for the expertise and experience he brings to our business, says Linda Landén, partner and head of Sandart & Partners' dispute resolution and regulatory matters in the energy sector.

– With my experience from a major international energy company, it will be very exciting to work at one of, in my opinion, Sweden's leading law firms. For me, Sandart & Partners represents modernity, excellence and a one hundred percent focus on the client. I am grateful for the trust the firm has showed me and I look forward to contributing to the further development of Sandart & Partners' presence in the energy sector, says Torbern Werner.

Torbern joined as counsel on 29 January 2024.
